

PIPER**25-235/260 PAWNEE**

AD 67-14-07 for 25-235 sn 25-2000-25-4171 50hr. inspection of entire exhaust system and internal inspection or muffler. AD is not applicable when new muffler and exhaust stack clamps are installed.

Check Tailpipe for thinning

Mufflers have internal baffles and they must be intact to be airworthy

Check stacks for cracking and heat distortion
